

SCEMSS Study Guide June 2013 2nd Trimester

1. List three purposes for pain.
2. What is a nociceptor?
3. List and describe 8 kinds of pain:
4. What does pain negatively affect?
5. Why is our goal zero pain?
6. When is zero pain not our goal?
7. List four reasons why we might not treat pain adequately:
8. True or false: in the 1-to-10 scale, 1 means the worst pain, 10 means no pain at all.
