The National Association of EMS Educators

EMS Instructor Course

In Partnership with Advocate Christ Medical Center

April 23-25, 2010 Oak Lawn, IL

Course Hours - 8 AM - 5 PM each day

General Information

NAEMSE proudly presents the EMS Instructor Course, which has been designed and developed by the same individuals who produced the DOT/NHTSA 2002 National Guidelines for Educating EMS Instructors. The NAEMSE Instructor Course represents the didactic component and practical application of the beginning education process to become an EMS instructor. The content of this course aligns the NAEMSE developed modules with the curriculum objectives of the 2002 National Guidelines, and has been designed to provide a basic introduction of concepts for the beginning EMS educator. NAEMSE recognizes that the development of a professional EMS educator requires many components including: formalized education in all aspects of the educational process, practical experience in teaching and mentoring by other members of the educational team to foster personal growth and development. This course DOES NOT include all these components, only the beginning steps of the process. Enrollment will be limited to 100 participants. Individuals who attend the entire course and pass the post test will receive a Certificate of Course Completion from NAEMSE. Continuing education hours have been applied for through NAEMSE, which is accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS).

All refunds will be mailed following the program. Send cancellation notifications to: NAEMSE, 681 Andersen Drive, Foster Plaza 6, Pittsburgh, PA 15220.

Please be sure to check with your state EMS office to determine if this course meets your state mandated training requirements. Your state may have a formalized credentialing process that you must follow in order to teach EMS courses. This course may or may not meet the instructor training requirements established for your state; additional requirements may be in place in order for you to teach an EMS provider course.
